

Sales Tracker for Windows 8

Stay connected to your sales data on your Windows 8 device

If you equip your sales staff with the insight and data needed to collaborate with customers while on the road, they can become more productive and efficient. And they can also improve the customer experience.

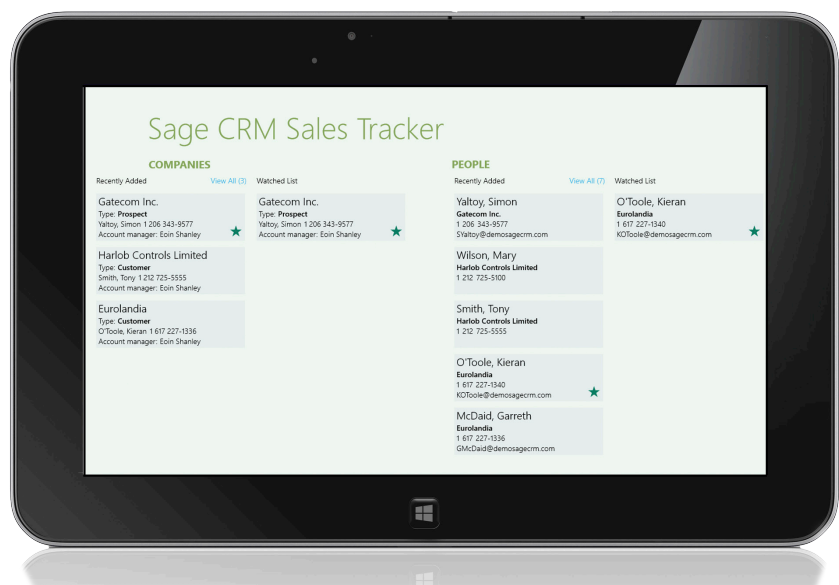

Anywhere, anytime access

With access to Sage CRM from anywhere, you can track the latest opportunities key to your sales pipeline. Sage CRM Sales Tracker for Windows 8 gives you access to your Sage CRM Company, Contacts and Opportunity records from your Windows 8 tablet.

You can even build a list of opportunities key to your sales pipeline and drill down to record details to get a full picture of the opportunity you are working with. Sage CRM Sales Tracker can also be accessed via a Windows 8 PC.

Key features

- **Customer information:** Retrieve customer information quickly and easily, from any location.
- **Opportunity management:** Track opportunities seamlessly throughout the sales cycle.
- **Favourite list:** Track customers key to your sales pipeline.
- **Search functionality:** Search for customers by name from any area in the application.
- **Graphical views:** View your latest opportunities in pie chart format for a quick analysis.

About Sage CRM

Over 15,000 small and medium sized companies across the globe use Sage CRM every day to accelerate sales, drive business productivity and make every customer interaction count. It is used by enterprising, growing companies seeking new ways to interact with customers, leverage the power of social media and take advantage of the latest mobile developments to further grow their business. When combined with Sage ERP, our customers enjoy better business insight, increased efficiencies and productivity, and gain a single, customer-centric view across their entire business. So whether you're just starting out or have already grown to several hundred employees, Sage CRM can help accelerate your business success.
